Purpose of the program:

The DTE Energy Foundation is dedicated to supporting programs that strengthen the fabric of our communities by developing the potential of their residents, institutions and infrastructure. This support includes educational and cultural organizations that play an important role in improving the quality of life in the communities we serve. These vital organizations depend on voluntary financial donations.

Because of this, the DTE Energy Foundation encourages employees to contribute to these groups and demonstrates its support by matching personal financial gifts.

Here's How it Works:

- The DTE Energy Foundation will match dollar-for-dollar, tax-deductible gifts of \$25 or more to a combined total of \$5,000 per donor in a calendar year.
- Gifts must be in cash, by check, by credit card, or in securities having a quoted market value on the date made. Gifts must be paid and not merely pledged.
- Gifts may be made by current payment from a tax-exempt 501(c)(3) donor advised fund if the fund has been funded solely by an eligible participant.

To apply: Complete **Part 1** of the attached form after you have carefully read the criteria below. Send the entire form, along with your gift to the beneficiary.

The beneficiary should verify receipt of your gift, complete **Part 2 Two** of the form, and return the entire form to:
